Declass Review by NIMA/DOD

Memo For the Record.

STATINTL Visited [redacted] on this date to discuss

publication of manual. Was accompanied by

STATINTL [redacted] No discussion

was made on the textual information.

We went over the various illustrations

STATINTL and [redacted] explained how he would like them prepared.

STATINTL [redacted] they should present no problems with one

exception. This is one illustration will have to be

handled separtly. Due to the configuration of most

illustrations the book will probably be longer than

high. A more definate plan can be made after

a complete text & illustrations is received.
